

Flexso S/4 Conversion Factory Packages

RECORD TIME TO VALUE

With S/4HANA, SAP took an enormous leap forward towards an intelligent ERP platform. SAP S/4HANA helps you leverage this smart new world and use your SAP ERP solution to its full potential. However, when converting to S/4, unpredictable technical issues, costs and risks, change management and other challenges lurk around the corner. Are you eager to reap all the benefits of this new foundation but concerned by the cost and complexity of the move? Flexso's S/4 Conversion Factory Packages keep you on track.

WHAT IS A FLEXSO S/4 CONVERSION FACTORY PACKAGE?

Qualified by **SAP**, a S/4 Conversion Package is an all-in-one solution that **ACCELERATES** and **STREAMLINES** your move to SAP S/4HANA. Depending on your deployment of choice we support the conversion to the cloud (SAP private cloud or hyperscaler) or towards a more classic on premise solution.

Both the Core and the Core+ Conversion Packages combine **FLEXSO'S S/4 FUNCTIONAL & TECHNICAL CONVERSION ACCELERATORS WITH A PROVEN APPROACH AND BEST PRACTICES** for a wide range of processes and topics. The result? A smooth and simple S/4HANA conversion at a fixed price and in a record time - to ensure quick value.
